Dera [REDACTED]

Thank you very much for your answer to the previous questions.

I have some further questions, as follows:

- 1) In your answer to the 1st question you said that FRONTEX receive the information only regarding whether the returnee is healthy or not. You said that this situation may change. Would this happen in the near future as to consider it in the context of the present prior check?
- 2) Could you explain why you consider that Article 20 should apply in relation to the obligation to inform?
- 3) Do you have the text of the information provided by member States authorities to the returnees? This is relevant in the light of Article 12 of Regulation 45/2001.

Please note that the procedure will be suspended upon receipt of the answers.

Best regards,

[REDACTED]

**Subject:** 2009-0281 prior check

Dear [REDACTED],

I would like to ask you some questions concerning the prior check 2009-0281 "Joint Return Operations":

- 1) Could you please specify what medical data is received by FRONTEX from the MS/SAC?
- 2) Could you please specify how the data subject is informed about the details mentioned in Article 11 and/or 12 of Regulation 45/2001?
- 3) Could you please specify what are the procedures established to grant the data subject's rights?
- 4) Is the storage media paper or digital?
- 5) Do you transfer personal data to the MS/SAC or do you only receive data from them?

Please consider that the process will be suspended until the receipt of the answers.

Best regards,

[REDACTED]
